This is to confirm that I am resigning from the Pinella Park Police Pension Board effective today, September 19th, 2015. Yesterday I announced my departure at the end of our meeting!

Due to my age, 87, I realized that "it was time"

I have served on this board and enjoyed the many friendships + the learning curve from others! The FPPT provided me with education which allowed me to obtain Certification by them! The required education was of great benefit in allowing updated information to be used for the benefit of our future retirees.

I thank all the support we received from Cheryl, Minh and staff! & City Council !

PS I have a new desktop computer,so I am still learning all the new programs! My old system was only 15 years old!. Will you please make a copy & send to my email?
