WHEREAS, the Florida Legislature has found that a person suffering from addiction has a higher success rate of achieving long-lasting sobriety when given the opportunity to build a stronger foundation by living in a recovery residence while receiving treatment or after completing treatment; and

WHEREAS, the Florida Legislature has passed SB 954, which the Governor has signed into law, thus creating Chapter 2025-182, amending Chapter 397, Florida Statutes, pertaining to the certification of recovery residences; and

WHEREAS, effective January 1, 2026, Florida legislation requires the governing body of each county or municipality to adopt an ordinance establishing procedures for the review and approval of certified recovery residences within its jurisdictions; and

WHEREAS, the new Florida Statute further mandates that such ordinance includes a process for requesting reasonable accommodations from any local land use regulation that serves to prohibit the establishment of a certified recovery residence; and

WHEREAS, at a minimum, the ordinance must be consistent with the Fair Housing Amendments Act of 1988, 42 U.S.C. ss. 3601 et seq., and Title II of the Americans with Disabilities Act, 42 U.S.C. ss. 12131 et seq.; and

WHEREAS, the City of Pinellas Park wants to amend sections of the Land Development Code to update its regulations governing State of Florida licensed facilities to establish consistency

with applicable state statutes and licensing requirements under Article 15, Zoning; and

WHEREAS, the City of Pinellas Park also wants to establish a definition for “Short-Term Housing” in order to consolidate and modernize the classification of certain temporary residential facilities, including those previously categorized as “Offender Halfway House” and “Shelter” or “Homeless Shelter and Resource Center,” based on their functional characteristics rather than resident type; and

WHEREAS, the proposed amendment maintains the City’s longstanding regulatory approach and imposes no additional obligations upon the City’s landowners and residents, and is intended solely to comply with the State’s new mandates; and

WHEREAS, the Planning and Zoning Commission, sitting as the Local Planning Agency, and the City Council for the City of Pinellas Park, Florida have reviewed and held public hearings on said proposed ordinance.

Sec. 18-1530.19. STATE OF FLORIDA LICENSED FACILITIES, COMMUNITY RESIDENTIAL HOMES.

The purpose of this section is to establish local regulations for residential facilities that are licensed or certified by the State of Florida, or other licensing and certifying agencies. This section is intended to provide applicants, operators, and the public with the information necessary to understand the requirements for establishing and operating such facilities. These regulations ensure that licensed residential facilities are reviewed and operated in a manner that protects resident welfare, promotes compatibility with surrounding zoning districts, and complies with all relevant state and local laws. Facilities regulated under this section include the following types:

1. Certified Recovery Residence
2. Community Residential Home
3. Domestic Violence Center
4. Residential Care Facility
5. Residential Treatment Facility
6. Short-Term Housing

(A) GENERAL STANDARDS. All State of Florida licensed facilities regulated under this section shall comply with the following general standards.

1. Facilities shall maintain valid state licensure or certification at all times and shall operate in accordance with all applicable provisions of the Florida Statutes, Florida Administrative Code, and Florida Building Code.
2. Facilities shall be designed and operated in a manner consistent with the character and development standards of the zoning district in which they are located.
3. Resident occupancy shall not exceed the maximum number of residents authorized under the applicable state license or certification. Occupancy limitations shall be documented in the city’s approval.
4. Facilities shall maintain staffing levels that meet or exceed the minimum ratios and qualifications required by the state licensing agency. The operator shall ensure the presence of adequate supervision at all times when residents are on the premises, consistent with state regulatory requirements.
5. No facility shall operate, accept residents, advertise services, or occupy the premises prior to obtaining all required state approvals and receiving the equivalent authorization from the City.

6. At the city's request, operators shall furnish updated copies of state licenses, staffing rosters, occupancy records, or other documentation necessary to verify continuing compliance with city standards and state regulatory requirements.
7. The establishment of a state licensed facility shall be subject to review and approval by the city with such approval to be granted or withheld in compliance with all applicable local, state, and federal law, including the Fair Housing Amendments Act of 1988 and Title II of the Americans with Disabilities Act.
8. State of Florida licensed facilities shall be reviewed and approved administratively by the Community Development Department unless otherwise provided in this section. Administrative approval shall be based on compliance with the standards and review criteria established herein.
9. Operational standards, occupancy limits, staffing requirements, and programmatic elements of the facilities herein shall be regulated by the applicable state or organizational licensing agency. The City's review shall be limited to land-use, development, and site-compatibility considerations.

(B) APPLICATION REQUIRED. A request by an applicant for the approval of a state licensed facility, or for reasonable accommodations from any of the City's land use regulations that serve to prohibit the establishment of a state licensed facility, shall be submitted by the applicant, in writing, to the City's Community Development Department on a form prescribed by the City's Community Development Department. The application must include, at a minimum:

1. Applicant Information: The name, mailing address, phone number, and email address of the applicant or the applicant's authorized representative.
2. Property Information: The address and parcel identification number of the subject property.
3. Accommodation Request: A description of the specific accommodation requested, including the applicable regulation or policy from which relief is sought, and an explanation of how the accommodation is necessary to afford equal housing opportunity.

(C) PROCEDURAL STANDARDS.

1. Date-Stamping and Acknowledgement. Upon receipt of the application, the Community Development Department shall date-stamp the application and provide written acknowledgment of receipt to the applicant.
2. Request for Additional Information. If additional information is required from an applicant, the Community Development Department shall notify the applicant in writing within thirty (30) days of receipt of the application. The applicant shall respond to such request within thirty (30) days from the date of receipt of such notification.
3. Final Determination. If the establishment of said state licensed facility complies and is consistent with the City's Code of Ordinances and Land Development Code and other applicable law, approval of the application shall be rendered administratively by the City's Community Development Department. In the event the applicant requests reasonable accommodations from any of the City's land use regulations, a final determination on the application shall be issued by the City Council in accordance with the terms set forth in this section. In either event, a final determination on the application shall be issued within sixty (60) days after receipt of the completed application. If a final determination is not issued within sixty (60) days after receipt of the completed application, the request is

deemed approved, unless the applicant and the City agree, in writing, to a reasonable extension of time. The final determination shall:

- a. Approve the request in whole, with or without conditions;
 - b. Approve the request in part, with or without conditions; or
 - c. Deny the request, stating with specificity the objective, evidence-based reason for the denial and identifying any deficiencies or actions necessary for reconsideration.
4. Revocation of Accommodation. Any reasonable accommodation received shall be deemed revoked if the applicant or the property upon which the reasonable accommodation is granted is found, by a court of law or by the City's Special Magistrate, to have violated a condition of approval or if the certification or licensure required under Florida Statutes lapses, is revoked, or otherwise fails to be maintained and the certification or licensure is not reinstated within one hundred and eighty (180) days of the date of lapse, revocation, or other means of expiration. Applicants subjected to revocation shall be provided written notice of such revocation and shall have thirty (30) days upon receipt of written notice to respond contesting the validity of an accommodation revocation.

~~(A) Homes of six (6) or fewer residents which meet the definition of a Community Residential Home, in Section 18-1502.2, shall be deemed a single family unit and a non-commercial, residential use. Homes of six (6) or fewer residents which meet the definition of a Community Residential Home shall be permitted uses in all zoning districts permitting single family, duplex or multi-family uses, provided that such homes shall not be located within a radius of one thousand (1,000) feet of another existing such home with six (6) or fewer residents. The "sponsoring agency," as defined in F.S. ch. 419, as may be amended from time to time, shall notify the Zoning Division of the existence of such licensed home at the time that each home is occupied, as required by said F.S. ch. 419.~~

~~(B) When a site for a Community Residential Home for seven (7) to fourteen (14) residents has been selected by a sponsoring agency in an area zoned for multi-family residential uses, the sponsoring agency shall notify the City Manager in writing and include in such notice the specific address of the site, the residential licensing category, the number of residents, and the community support requirements of the program. Such notice shall also contain a statement from the applicable state licensing entity indicating the licensing status of the proposed Community Residential Home, and specifying how the home meets applicable licensing criteria for the safe care and supervision of the residents in the home, as required by F.S. ch. 419, as may be amended from time to time. The applicable state licensing entity shall also provide to the City Manager the most recently published data compiled that identifies all Community Residential Homes licensed by said agency in the City. The City Manager shall review the notification of the sponsoring agency in accordance with this Article.~~

~~1. Pursuant to such review, the City Manager may:~~

- ~~(a) Determine that the establishment of the Community Residential Home is in accordance with this Article and approve the location. If the location is approved, the sponsoring agency may establish the home at the site selected.~~
- ~~(b) If the City Manager fails to respond to the request within sixty (60) days, the sponsoring agency may establish the home at the site selected.~~
- ~~(c) Deny the establishment of the home.~~

2. ~~The City Manager may deny the establishment of a Community Residential Home if the location of the home at the site selected:~~
- ~~(a) Does not otherwise conform to existing zoning regulations applicable to other multi-family uses in the area.~~
 - ~~(b) Does not meet applicable licensing criteria established and determined by the state licensing agency, including requirements that the home be located to assure the safe care and supervision of all residents in the home.~~
 - ~~(c) Would result in such concentration of Community Residential Homes in the area proximate to the site selected, or would result in a combination of such homes with other residences in the community, such that the nature and character of the area would be substantially altered. A home that is located within a radius of twelve hundred (1,200) feet of another existing Community Residential Home in a zoning district allowing multifamily zoning uses shall be an over-concentration of such homes that substantially alters the nature and character of the area. A home that is located within five hundred (500) feet of a single-family zoning district alters the nature and character of the area.~~
- ~~(C) When a site for a Community Residential Home for more than fourteen (14) residents has been selected by a sponsoring agency in an area zoned for multi-family residential uses, such use shall require Conditional Use review and approval and shall meet the special requirements specified in Section 18-1531.10.~~
- ~~(D) All distance requirements in this Section shall be measured from the nearest point of the existing Community Residential Home or area of single-family zoning to the nearest point of the proposed home.~~

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare): The Florida Legislature has found that a person suffering from addiction has a higher success rate of achieving long-lasting sobriety when given the opportunity to build a stronger foundation by living in a recovery residence while receiving treatment or after completing treatment. As such, the Florida Legislature has passed SB 954, which the Governor has signed into law, thus creating Chapter 2025-182, amending Chapter 397, Florida Statutes, pertaining to the certification of recovery residences. Effective January 1, 2026, Florida legislation requires the governing body of each county or municipality to adopt an ordinance establishing procedures for the review and approval of certified recovery residences within its jurisdictions, and such ordinance includes a process for requesting reasonable accommodations from any local land use regulation that serves to prohibit the establishment of a certified recovery residence. This ordinance (i) recognizes "certified recovery residences" as a State of Florida licensed facility under Article 15, "Zoning," and (ii) amends sections of the Land Development Code to update its regulations governing State of Florida licensed facilities to establish consistency with applicable state statutes and licensing requirements.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, if any:
