Part II: PROJECT PLAN AND SUPPORTING DATA

State clearly and in detail the aims of the Project, precisely what will be done, who will be involved, and what is expected to result. Use the following major headings:

1. Statement of the Problem
2. Proposed Solution
3. Project Objectives
4. Evaluation

1. Statement of the Problem:

The National Highway Traffic Safety Administration (NHTSA) reported that in 2022, 42,795 fatal motor vehicle crashes occurred in the United States. A significant amount of these fatal crashes involved high risk driving behaviors such as speeding, aggressive driving, and lack of occupant protection. The most recent available data, from 2021, recorded that 29% of all fatal crashes were due to speed in excess of the posted limit. In 2023, the Florida Department of Safety and Motor Vehicles (FLHSMV) reported 3,377 crash fatalities throughout the state of Florida. Of the reported fatalities in 2023, 107 occurred in Pinellas County, Florida which experienced a decrease from the 120 fatalities that occurred in 2022. The City of Pinellas Park saw a traffic fatality decrease of 19% within one year. The decreased number of fatalities that occurred in 2023 can directly be related to the high visibility enforcement conducted through the Speeding and Aggressive Driving program.

The City of Pinellas Park is centrally located in Pinellas County, the most densely populated county in Florida. It is a land-locked city that encompasses roughly 16 square miles. The City is the gateway between Pinellas, Hillsborough, Pasco, and Manatee counties which create the Tampa Bay Area and consists of over two (2) million people. The City of Pinellas Park has several major roadways that span the city and are the most traveled roads in the county. The current population of the City of Pinellas Park is approximately 54,597 people and is continuing to grow. Pinellas County has approximately 17 million visitors a year which plays a large role in the number of vehicles that traverse the City from Tampa to the many tourist attractions located within Pinellas County. Pinellas Park is bordered by several other cities, such as St. Petersburg, Seminole, Clearwater, Largo, and Kenneth City. The City of Pinellas Park is a very condensed area with a large population and an even greater number of motor vehicles. Out of 103 cities, Pinellas Park is currently ranked 13th for most crashes due to speeding and aggressive driving.

Pinellas Park has several highly traveled divided roads that span the entire length of the city. Park Boulevard (SR 694) is approximately five (5) miles and is a heavily traveled commuter road that connects the east and west ends of Pinellas County. This road has a high number of fatalities and speed-related crashes. Speed enforcement is conducted, and tickets are written for double the speed limit and aggressive driving daily along Park Boulevard. Park Boulevard consists of three (3) of the City's top five (5) crash locations. The speed limit on Park Boulevard ranges from 40 to 45 MPH and has an average daily traffic count of 75,000 vehicles.

Pinellas Park is also home to 5.3 miles of US Highway 19 N. The speed limit occasionally varies but is typically 55 MPH. This road is home to the remaining two (2) of the top five (5) crash locations. Speeding is a continual problem on this road and citations for speeds in excess of 100 MPH and racing are issued daily. US Highway 19 N is one of the most heavily traveled roads in Pinellas County with an annual average daily traffic count of 85,000 vehicles a day.

There are three (3) other roadways within the City of Pinellas Park that have high crash numbers due to speeding and each roughly spans five (5) miles: Bryan Dairy Road (CR 296), 66th Street N. (SR 693), and 49th Street N (CR 611). In the last three (3) years the City of Pinellas Park has had 46 fatal crashes; of those, 35 of them have occurred on the five roads listed above.

The Pinellas Park Police Department (PPPD) has increased the amount of overtime details for enforcement and education to combat aggressive, reckless, and speeding drivers. With this subgrant, PPPD will conduct more traffic details within the City's jurisdiction in addition to the regularly scheduled details.

2. Proposed Solution:

The PPPD is committed to the effective use of personnel and equipment to identify and implement strategies that will increase safety and compliance with the laws and rules of the road. The highest priority is to reduce crash numbers, reduce injuries, and save lives. This program will entail highly trained police officers using all available equipment to conduct and enforce speed measurements throughout the City of Pinellas Park. In the

targeted enforcement initiatives outlined below, officers will work overtime details to cover various high incident areas at specific times within the Pinellas Park Police Department's jurisdiction:

1. High Incident and Crash Roadways – Specialized overtime details focused specifically on roadways and areas with high crash data. Using radars, lasers, and pacing, officers will conduct speed and aggressive driving enforcement. PPPD will conduct 25 details. PPPD plans to mimic the strategies in the NHTSA “Countermeasures That Work” guide (11th Edition 2023) as it relates to several key highway safety problem areas. The following strategies will be implemented to help address the problems in this proposal.

2. Additional operations – Additional overtime officers will be placed on details that are conducted normally so that they create a higher visibility presence. These details will also be focused on aggressive driving and speed enforcement. There will be a minimum of six (6) details for this.

3. Speeding and Speed Management, countermeasure Chapter 4 HVE funding requested will support the countermeasures by covering the costs of overtime hours for officers participating in special enforcement details. Subgrant funds will be used to enhance police coverage, above and beyond current enforcement initiatives, in areas with high rates of traffic crashes, injuries, and/or fatalities throughout the PPPD jurisdiction.

The Project Director will be responsible for the allocation of personnel to achieve the greatest impact on speeding and aggressive driving. The Project Director will coordinate these enforcement and educational campaigns and ensure daytime/nighttime enforcement is alternated from week to week. This will prevent motorists from predicting times and locations of enforcement activities to adjust their driving behaviors to only those of known enforcement periods. Also, the Project Director will ensure that funds from this program are used prudently and conservatively to ensure that the award will extend the entire subgrant cycle. Every officer who performs under this subgrant will complete any mandated training and will complete the required Daily Activity Log for each day of enforcement during the subgrant cycle. Those logs will be maintained by the Project Director, who will ensure that copies are attached to each monthly reimbursement invoice submitted to the FDOT State Safety Office.

3. Project Objectives:

- a. Start enforcement activities within 60 days of subgrant award, unless otherwise approved by the FDOT State Safety Office.
- b. Strive to decrease speed and/or aggressive driving crashes and fatalities citywide by 2% when compared to the 10/01 to 06/30 time period from the previous year.
- c. Conduct at least 25 speed and/or aggressive driving high visibility overtime enforcement operations during the project period.
- d. Participate in the state Southern Slow Down campaign through speed and/or aggressive driving overtime enforcement operations and educational/community activities.
- e. Conduct a minimum of 3 educational/community outreach events to increase speed and/or aggressive driving awareness during the project period and provide details.
- f. Provide speed and/or aggressive driving information and education to the public through the use of multimedia outlets (i.e. message boards, local media outlets, social media, press releases, and printed materials) at least 3 times during the project period.

4. Evaluation:

- a. Enforcement activity start date.
- b. Speed and/or aggressive driving crashes and fatalities are reduced by 2% citywide when compared to the 10/01 to 06/30 time period from the previous year.
- c. The number of speed and/or aggressive driving high visibility overtime enforcement operations conducted during the project period.
- d. The number of speed and/or aggressive driving overtime enforcement operations conducted, and education/community activities conducted/participated in during the Southern Slow Down campaign.
- e. Detail all educational/community outreach events conducted or participated in to increase speed and/or aggressive driving awareness during the project period.
- f. The number of instances that speed and/or aggressive driving information and education is provided to the public through the use of multimedia outlets during the project period.

FEDERAL REGULATIONS

- 1. Access to Public Records and Monitoring.** The Florida Department of Transportation (FDOT or “Department”), National Highway Traffic Safety Administration (NHTSA), Federal Highway Administration (FHWA), Chief Financial Officer (CFO), and Auditor General (AG) of the State of Florida, or any of their duly authorized representatives, shall have access for the purpose of audit and examination of books, documents, papers, and records of the Subrecipient and to relevant books and records of the Subrecipient which are not protected from disclosure by State or Federal law, and its consultants and contractors under this Agreement, as provided under applicable State or Federal law.

In addition to review of audits conducted in accordance with 2 CFR Part 200, herein incorporated by reference, monitoring procedures will include on-site visits by Department staff, limited scope audits as defined by 2 CFR Part 200, and status checks of subgrant activity via telephone calls from FDOT State Safety Office staff to Subrecipients. By entering into this Agreement, Subrecipients agree to comply and cooperate with monitoring procedures. In the event that a limited scope audit of the Subrecipient is performed, the Subrecipient agrees to bring the Project into compliance with this Agreement. The Subrecipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the CFO or AG to the extent allowed by State or Federal law.
- 2. Audit.** The administration of resources awarded through the Department to the Subrecipient by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. With the exception of documents protected by State law, the Subrecipient shall comply with all audit and audit reporting requirements as specified below.
 - (a) In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by Department staff and/or other procedures including reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the Subrecipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Subrecipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.
 - (b) The Subrecipient, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a subrecipient of a Federal award awarded by the Department through this Agreement is subject to the following requirements:
 - i. In the event the Subrecipient expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Subrecipient must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. Part VI to this Agreement provides the required Federal award identification information needed by the Subrecipient to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining Federal awards expended in a fiscal year, the Subrecipient must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the Department by this Agreement. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.
 - ii. In connection with the audit requirements, the Subrecipient shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.

- iii. In the event the Subrecipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the Subrecipient is exempt from Federal audit requirements for that fiscal year. However, the Subrecipient must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Subrecipient's audit period for each applicable audit year. In the event the Subrecipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the Subrecipient's resources obtained from other than Federal entities).
- iv. Copies of reporting packages for audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, and required by this section, shall be submitted, when required by 2 CFR §200.512, by or on behalf of the Subrecipient directly to the Federal Audit Clearinghouse (FAC) as provided in 2 CFR §200.332 and §200.512. The FAC's website provides a data entry system and required forms for submitting the single audit reporting package. Updates to the location of the FAC and data entry system may be found at the Office of Management and Budget (OMB) website. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.
- v. Within six months of acceptance of the audit report by the FAC, the Department will review the Subrecipient's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the Subrecipient fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:
 1. Temporarily withhold cash payments pending correction of the deficiency by the Subrecipient or more severe enforcement action by the Department;
 2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
 3. Wholly or partly suspend or terminate the Federal award;
 4. Initiate suspension or debarment proceedings as authorized under 2 CFR Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
 5. Withhold further Federal awards for the Project or program; and/or
 6. Take other remedies that may be legally available.
- vi. As a condition of receiving this Federal award, the Subrecipient shall permit the Department, or its designee, the CFO or State of Florida Auditor General access to the Subrecipient's records including financial statements, the independent auditor's working papers and Project records as necessary. Records related to unresolved audit findings, appeals or litigation shall be retained until the action is complete or the dispute is resolved.
- vii. Copies of financial reporting packages required by this section shall be submitted by or on behalf of the Subrecipient directly to each of the following:

- (c) The Subrecipient shall retain sufficient records demonstrating its compliance with the terms of the award and this Agreement for a period of five years from the date the audit report is issued and shall allow the Department, or its designee, the CFO or State of Florida Auditor General access to such records upon request. The Subrecipient shall ensure that the audit working papers are made available to the Department, or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued unless extended in writing by the Department. The Subrecipient shall further permit access to all Project records by the Secretary and Inspector General of the United States Department of Transportation and the Comptroller General of the United States, or their designees.
 - (d) The Subrecipient shall permit, and shall require its contractors to permit, the Department's and NHTSA's authorized representatives to access the Project site; inspect all work, materials, payrolls, and records; and to audit the books, records and accounts pertaining to the financing and development of the Project.
- 3. Offsets.** If, after Agreement completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset the amount claimed from payments due for work or services under any other agreement it has with the Subrecipient if, upon demand, payment of the claimed amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.
- 4. Buy America Act.** The Subrecipient agrees to comply and require consultants and contractors to comply with all applicable standards, orders, and regulations issued pursuant to the Buy America Act, Buy America Act Waiver (Docket No. NHTSA-2015-0065) and NHTSA Guidance Buy American Act Procedure for Highway Safety Grant Programs (revised 11-20-2015) as amended, herein incorporated by reference. The Subrecipient shall include the following Buy America provisions in all subcontract awards:
- The Buy America Act prohibits the use of Federal highway safety grant funds to purchase any manufactured product or software/information technology systems whose unit purchase price is \$5,000 or more, including motor vehicles, that is not produced in the United States. NHTSA may waive those requirements if (1) their application would be inconsistent with the public interest; (2) such materials and products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or (3) the inclusion of domestic material will increase the cost of the overall Project contract by more than 25 percent.
- Each manufactured end product must comply with the provisions of the Buy America Act. Additionally, any manufactured add-on to an end product is, itself, an end product that must comply with the Act.
- To be reimbursed with Federal highway safety grant funds for a purchase, a State must comply with the requirements of the Buy America Act. Non-compliance will result in denial of reimbursement.
- 5. Clean Air Act and Federal Water Pollution Control Act.** Subgrant agreements for amounts in excess of \$150,000 must comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) as amended, and the Federal Water Pollution Control Act (33 U.S.C. 1251-1389) as amended. Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). The Subrecipient shall include this provision in all subcontract awards in excess of \$150,000.

6. Code of Conduct. The Subrecipient has established, will maintain, and enforce a written code or standard of conduct applicable to its officers, employees, board members or agents, and those individuals' relatives, that prohibits their involvement in the selection, award, or administration of any contract in connection with the Project if they have a present or potential financial or other significant interest therein and prohibits the acceptance of any gratuity, favor, or other thing of monetary value from any person interested or involved in the performance of work on the Project.

(a) The Subrecipient agrees to the following disclosures:

- i. The Subrecipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the Subrecipient has taken or proposes to take to avoid or mitigate such conflict.
- ii. NHTSA will review the disclosure and may require additional relevant information from the Subrecipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
- iii. Conflicts of interests that require disclosure must include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any subrecipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above. Past interest shall be limited to within one year of the date of the award. Key personnel shall include any person owning more than 20 percent interest in a Subrecipient, and the officers, employees or agents of a Subrecipient who are responsible for making decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

7. Conferences and Inspection of Work. Conferences may be held at the request of any party to this Agreement. Representatives of the Department or the U.S. Department of Transportation (USDOT), or both, shall be privileged to visit the site for the purpose of inspection and assessment of work being performed at any time.

8. Contract Work Hours and Safety Standards Act. Where applicable, all subcontracts under this Agreement in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

9. Debarment and Suspension. No subcontract issued under this Agreement, will be made to parties listed on the governmentwide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 and 1200 that implement Executive Orders 12549 (3 CFR Part 1986 Comp., p. 189) and 12689 (3 CFR Part 1989 Comp., p. 235), "Debarment and Suspension." The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

10. Disadvantaged Business Enterprises (DBE).

(a) The Subrecipient agrees to the following assurance:

The Subrecipient shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any USDOT-assisted contract or in the administration of its DBE program required by 49 CFR, Part 26, herein incorporated by reference. The Subrecipient shall take all necessary and reasonable steps under 49 CFR, Part 26 to ensure nondiscrimination in the award and administration of USDOT-assisted contracts. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the Subrecipient of its failure to carry out its approved program, the USDOT may impose sanctions as provided for under Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.), herein incorporated by reference.

(b) The Subrecipient agrees to include the following assurance in each contract with a consultant or contractor and to require the consultant or contractor to include this assurance in all subcontract agreements:

The consultant or contractor and subconsultant or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant or contractor shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of USDOT-assisted contracts. Failure by the consultant or contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the Subrecipient or the Department deems appropriate.

11. Methods of Procurement. Subrecipients must follow the procurement standards in 2 CFR 200 sections 200.318 through 200.327.

12. Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms.

- (a) The Subrecipient must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.
- (b) Affirmative steps must include:
 - (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - (6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (b)(1) through (5) of this section.

13. Domestic Preference for Procurements. As appropriate and to the extent consistent with law, the Subrecipient should, to the greatest extent practicable under this subgrant, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subcontracts including all purchase orders for work or products under this subgrant.

For purposes of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Such activities include both direct and indirect (e.g., “grassroots”) lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

The approval of a remittance by the Subrecipient shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.
- (c) **Termination for Convenience.** In accordance with Appendix II to 2 CFR Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, either Party may terminate this Agreement for convenience upon thirty (30) calendar days’ advance written notice to the other Party. 27. Integrity Certification. By signing this Agreement, the Subrecipient certifies that neither it nor its contractors are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in this Agreement by any federal department or agency. This certification is a material representation of fact upon which the Department is relying in entering this Agreement. If it is later determined that the Subrecipient knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.  - (f) **Equipment Repossession.** Ownership of all equipment purchased with Federal highway safety funds rests with the Subrecipient; however, the USDOT maintains an interest in the equipment and title vests in the Subrecipient subject to several conditions and obligations under 2 CFR § 200.313. The Subrecipient must use the equipment for the authorized purposes of the Project, whether or not the Project continues to be supported by the Federal award, unless the FDOT State Safety Office, on behalf of USDOT, provides written authorization for another use of the equipment that is permissible under 2 CFR §200.313. Any equipment purchased with Federal highway safety funds that is not being used by the Subrecipient for the purposes described in the Project or in accordance with other authorized uses under 2 CFR §200.313, is subject to repossession by the FDOT State Safety Office, on behalf of the USDOT. Items that are repossessed shall be disbursed to agencies that agree to use the equipment for the activity described in this Project or for other uses authorized by USDOT.

- 56. Expense Purchases for \$200 or more:** Any office, training, communication, or computer supplies (including computers) with a per item unit cost of \$200 or more within the Expense Category, excluding software, must have FDOT State Safety Office written approval, prior to purchase.
- 57. Excusable Delays.** Except with respect to the defaults of Subrecipient's consultants and contractors which shall be attributed to the Subrecipient, the Subrecipient shall not be in default by reason of any failure in performance of this Agreement in accordance with its terms if such failure arises out of causes beyond the control and without the fault or negligence of the Subrecipient. Such causes are acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without the fault or negligence of the Subrecipient. If the failure to perform is caused by the failure of the Subrecipient's consultant or contractor to perform or make progress, and if such failure arises out of causes beyond the control of the Subrecipient and its consultant or contractor, and without the fault or negligence of any of them, the Subrecipient shall not be deemed to be in default, unless (1) the supplies or services to be furnished by the consultant or contractor were obtainable from other sources, (2) the FDOT State Safety Office shall have ordered the Subrecipient in writing to procure such supplies or services from other sources, and (3) the Subrecipient shall have failed to comply reasonably with such order.
- Upon request of the Subrecipient, the FDOT State Safety Office shall ascertain the facts and extent of such failure and, if it shall be determined that any failure to perform was occasioned by any one or more of the said causes, the delivery schedule shall be revised accordingly.
- If the Subrecipient is unable to fulfill the activities stated in the Proposed Solution or Project Objectives in this agreement (Part II: PROJECT PLAN AND SUPPORTING DATA) due to the COVID-19 pandemic, the Subrecipient must contact the FDOT State Safety Office immediately to discuss potential amendments and/or alternate plans.
- 58. How this Agreement is Affected by Provisions Being Held Invalid.** If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law. The Subrecipient acknowledges that federal grant requirements are subject to change and agrees that the most recent requirements shall govern its obligations under this Agreement at all times.
- 59. Ineligibility for Future Funding.** The Subrecipient agrees that the Department shall find the Subrecipient ineligible for future funding for any of the following reasons:
- (a) Failure to provide the required audits;
 - (b) Failure to provide required performance and final narrative reports in the required time frame;
 - (c) Failure to perform work described in Part II of this Agreement;
 - (d) Failure to provide reimbursement requests and performance reports in the required time frame;
 - (e) Providing fraudulent performance reports or reimbursement requests; or
 - (f) Misuse of equipment purchased with Federal highway safety funds.
- 60. Performance.** In the event of default, noncompliance, or violation of any provision of this Agreement by the Subrecipient, the Subrecipient's consultant(s) or contractor(s) and supplier(s), the Subrecipient agrees that the Department will impose sanctions. Such sanctions include withholding of reimbursements, retainage, cancellation, termination, or suspension of this Agreement in whole or in part. In such an event, the Department shall notify the Subrecipient of such decision 30 days in advance of the effective date of such sanction. The sanctions imposed by the Department will be based upon the severity of the violation, the ability to remedy, and the effect on the Project. The Subrecipient shall be paid only for those services satisfactorily performed prior to the effective date of such sanction.
- 61. Personnel Hired or Paid Under this Agreement.**
- (a) **Project Director.** Persons holding the position of Project Director for this Agreement shall not receive reimbursement for personnel hours nor receive any other benefit under this Agreement.
 - (b) **Employer Responsibility.** Any and all employees of the Subrecipient whose positions are funded, in whole or in part through this Agreement, shall be the employee of the Subrecipient only, and any and all claims that may arise from said employment relationship shall be the sole obligation and responsibility of the Subrecipient. Personnel hours will only be reimbursed based on actual hours worked on this Agreement. No other allocation method is allowable for reimbursement.

- (c) **Bonuses or Stipends.** Bonuses or one-time stipends issued to Subrecipient employees will not be eligible for subgrant reimbursement, as they are not considered salary and are an addition to the salary amounts approved for subgrant execution. Increases in subgrant employee salary must be approved by the FDOT State Safety Office. Annual fluctuations in benefits approved in the Agreement are allowable and eligible for reimbursement.
- (d) **Overtime.**
- i. **Overtime Hours.** Subgrant funds cannot be used to supplant standard activity hours; therefore, only hours qualifying as “overtime”, per the Subrecipient policies will be eligible for reimbursement by this Agreement. In the event a Subrecipient is awarded more than one subgrant agreement within a federal fiscal year, overtime hours for each traffic safety effort must be tracked, reported, and billed based on hours worked for each subgrant agreement type.
 - ii. **Reserve Officer Hours.** Subgrant funds can be used to reimburse detail pay for reserve officers to perform traffic safety enforcement. An agency must have an active policy authorizing payment for reserve officer detail to receive reimbursement for reserve officer hours. A copy of the policy shall be maintained by the Subrecipient and made available for review if requested.
 - iii. **Extra Duty Detail Pay.** Subgrant funds can be used to reimburse extra duty detail pay for officers to perform traffic safety enforcement. An agency must have an active policy authorizing payment for detail or extra duty pay outside of regular duties to receive reimbursement for officer hours. A copy of the policy shall be maintained by the Subrecipient and made available for review if requested.
 - iv. **Overtime Rate.** Overtime hours are intended for enhanced/increased traffic safety activities. The overtime pay rate for personnel is based on actual cost per employee in accordance with the Subrecipient’s payroll policy. Each Subrecipient shall comply with Fair Labor Standards Act (FLSA) requirements and thresholds for overtime accrual and payment and its own policies and procedures, insofar as those policies apply uniformly to both federally financed and other activities of the Subrecipient, as required by 2 CFR 200.403(c). Additional hours may be called overtime, off duty, extra, additional, etc., as long as it enhances/increases traffic safety activities. A copy of the policy shall be maintained by the Subrecipient and made available for review if requested.

62. Reports. The following reports are required for reimbursement of subgrant funding:

- (a) **Performance Reports.** (FDOT Form No. 500-065-19). A performance report shall be provided with each request for financial reimbursement, providing the status of the subgrant minimum performance standards, as described in Part IV of this Agreement.
- (b) **Final Narrative Report.** (FDOT Form No. 500-065-20). A Final Narrative Report giving a chronological history of the subgrant activities, problems encountered, major accomplishments, and NHTSA Required Activity Reporting shall be submitted by October 31. Requests for reimbursement will not be processed and will be returned to the Subrecipient as unpaid if the required reports are not provided, following notification.
- (c) **Enforcement Activity Reports.** Enforcement Activity Report(s) for each type of enforcement shall be provided with each request for financial reimbursement for overtime worked. Agency specific activity reports may be used, if those reports include all information detailed in each FDOT Activity Form.
- (d) **Other Reports.** The FDOT State Safety Office reserves the right to require other reports not specified above, as necessary, for Agreement monitoring.

63. Term of this Agreement. This Agreement shall begin on the date the last party signs and shall end on September 30, unless otherwise stipulated by the FDOT State Safety Office on the first page of this respective subgrant agreement. In the event this Agreement is for services in excess of \$25,000.00 and a term for a period of more than 1 year, the provisions of Section 339.135(6)(a), F.S., are hereby incorporated:

“The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the Comptroller of the Department that such funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000.00 and which have a term for a period of more than 1 year.”

64. Travel.

- (a) **Required Forms.** Travel costs for approved travel shall be submitted on the FDOT Contractor Travel Form (FDOT Form No. 300-000-06) or other approved Florida Department of Financial Services form and will be reimbursed in accordance with Section 112.061, F.S. and the most current version of the *Disbursement Handbook for Employees and Managers*.
- (b) **Authorization and Restriction.** All travel authorized under this Agreement shall be subject to any additional authorization requirements or restrictions imposed by the Governor's Executive Order or other guidance; any requirements or forms for travel cost reimbursement imposed by the Subrecipient that do not violate FDOT travel cost reimbursement requirements; and/or FDOT during the Agreement period.
- (c) **Prerequisite Approvals.** All Agreement travel that has billable costs shall require a written request for approval from the FDOT State Safety Office prior to the incurring of actual travel costs. Request should include sufficient justification to prove that the travel will have significant benefits to the outcome of the Agreement activities and is within the travel budget of the Project and relevant to the Project. Additional detail is required if the travel meets any of the following criteria:
 - i. Purchase of airfare;
 - ii. Travel to conference;
 - iii. Travel which includes a registration fee;
 - iv. Out-of-subgrant-specified work area travel; or
 - v. Out-of-state travel.

Failure to receive prior written approval will deem the entire travel cost ineligible for payment, regardless of available funding in the travel budget.

- (d) **Lodging Reimbursement Limit.** The FDOT State Safety Office shall not pay for overnight lodging/hotel room rates that exceed \$225.00 per night (before taxes and fees). A Subrecipient and/or traveler will be required to expend his or her own funds for paying the overnight lodging/hotel room rate in excess of \$225.00 plus the applicable percentage of fees (other than flat fees). If multiple travelers share a room and the individual cost of the lodging/hotel exceeds the \$225.00 per night limit, the Subrecipient and/or travelers will be required to expend his or her own funds for paying the excess amount. If another entity is covering the cost of the overnight lodging/hotel then this paragraph does not apply.
- (e) **Lodging for Subgrant Funded Statewide Coalition Meetings and Conferences.** Lodging contracts may be funded to accommodate attendance of subgrant funded statewide coalition meetings, conferences, and programs. If a lodging contract is executed to cover lodging cost, all travelers shall be expected to use the contract, and any attendees choosing alternate lodging accommodations based on preference, shall do so at their own out of pocket costs. Cost for these lodging contracts will be reviewed and approved for program appropriateness and costs savings to the State, as determined and approved by the FDOT State Safety Office.
- (f) **Rental Vehicles.** Some rental companies will offer electric vehicles (EV); however, these types of vehicles are not allowable under this subgrant. Any electric vehicle rentals and associated fees will not be reimbursed under this subgrant.

65. Vehicles.

Any Subrecipient receiving subgrant funds to purchase a vehicle (excluding law enforcement vehicles) shall maintain a travel log that contains the beginning and ending mileage, location, and purpose of travel. All agencies must report any vehicle use (excluding law enforcement vehicles) and maintenance with each request for reimbursement using the Safety Grant Vehicle Use Form (FDOT Form No. 500-065-21) and the Safety Grant Equipment Maintenance Form (FDOT Form No. 500-065-22).

Vehicles purchased with federal highway safety funds shall be used for program use only and in accordance with Rule 60B-1.004 F.A.C. Subrecipients who are responsible for the operation and use vehicles for official state business are allowed to permit persons other than state officials or employees to travel in the vehicle provided these persons are conducting official state business or only on special occasions if the purpose of the travel can be more usefully served by including such persons and no additional expense is involved.

It is permissible to transport persons other than state officials and employees during disasters and emergency situations where the state must protect life and property. Providing assistance to motorists whose vehicles are disabled may be considered as an emergency when there is a need to protect life and property.

Any vehicles used for personal reasons or not being used by the Subrecipient for the purposes described in this Agreement shall be subject to repossession by the FDOT State Safety Office.

FINANCIAL/FISCAL

66. Allowable Costs. The allowability of costs incurred under this Agreement shall be determined in accordance with the general principles of allowability and standards for selected cost items set forth in the Applicable Federal Law, state law, and the FDOT Disbursement Handbook for Employees and Managers, to be eligible for reimbursement. All funds not spent in accordance with the Applicable Federal Law will be subject to repayment by the Subrecipient. Only costs directly related to this Agreement shall be allowable.

67. Subcontract Agreements.

- (a) **Requirement for Pre-Approval.** All subcontract agreements must be submitted to the FDOT State Safety Office in draft form for review and written approval. Approval of this Agreement does not constitute approval of subcontract agreements.
- (b) **Minimum Mandatory Subcontract Language.** All subcontract agreements shall include at a minimum the following information:
- i. Beginning and end dates of the subcontract agreement (not to exceed this Agreement period);
 - ii. Total contract amount;
 - iii. Scope of work/Services to be provided;
 - iv. Quantifiable, measurable, and verifiable units of deliverables;
 - v. Minimum level of service to be performed and criteria for evaluating successful completion;
 - vi. Budget/Cost Analysis; and
 - vii. Method of compensation/Payment Schedule.
- (c) **Additional Required Clauses.**
- i. **All subcontract agreements shall contain the following statement:**
"The parties to this contract shall be bound by all applicable sections of Part V: Acceptance and Agreement of Project # (insert Project number). A final invoice must be received by (insert date) or payment will be forfeited."
 - ii. **Buy American Act Clause** (see Section 4 of Part V)
 - iii. **Certification Regarding Federal Lobbying** (see Section 21 of Part V)
 - iv. **Cooperation with Inspector General** (see Section 32 of Part V)

 - xv. **Termination for Convenience** (see Section 22 of Part V)

68. Indirect Costs. Indirect costs included in this Agreement in Part III, under the indirect line item are based on the indirect costs rate the Subrecipient used in the competitive concept paper application process. The rate will be applied in accordance with 2 CFR Part 200 and the Subrecipients federally approved rate agreement. If the Subrecipient does not have a federally approved costs rate agreement, a maximum de minimis rate of 15% of modified total direct costs in the manner described in 2 CFR §200.414 will be used. [The de minimis rate is available only to entities that have never had a negotiated indirect cost rate. When selected, the de minimis rate must be used consistently for all federal awards until such time the Subrecipient chooses to negotiate a rate. A de minimis certification form must be submitted to the Department for review and written approval.] All subgrant awards are based on cost benefit, available funding, and if the indirect costs rate requested significantly affects the proposed project's ability to adequately address the traffic safety need.

69. Obligation of Subgrant Funds. Subgrant funds shall not be obligated prior to the effective date or subsequent to the end date of this Agreement period. Only Project costs incurred on or after the effective date and on or prior to the end date of this Agreement are eligible for reimbursement. A cost is incurred when the Subrecipient's employee or approved contractor or consultant performs the service required or when goods are received by the Subrecipient, notwithstanding the date of order.

70. Procedures for Reimbursement.

- (a) **Overview.** The Department agrees to compensate the Subrecipient for services described in Part II (Project Plan and Supporting Data). The Schedule of Financial Assistance is included as Part III (Project Detail Budget).
- (b) **Required Forms.** All requests for reimbursement of subgrant costs must be submitted on forms provided by the Department (FDOT Form Numbers 500-065-04 through 09 and 19) unless otherwise approved. Forms must be completed in detail sufficient for a proper pre-audit and post audit based on the quantifiable, measurable, and verifiable units of deliverables and costs, including supportive documentation as established in Parts II (Project Plan and Supporting Data), III (Project Detail Budget), and IV (Performance Report). **ALL requests for reimbursement shall include FDOT Form 500-065-19 Performance Report for the period of reimbursement.** Deliverables must be received and accepted in writing by the Department's Project Manager prior to payments.
- (c) **Supporting Documentation.** Supporting documentation must establish that the deliverables were received and accepted in writing by the Subrecipient and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in Parts II (Project Plan and Supporting Data), III (Project Detail Budget), and IV (Performance Report) was met. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of charges. Invoices for cost reimbursement subgrants must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved subgrant budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided. Contracts between state agencies may submit alternative documentation to substantiate the reimbursement request, which may be in the form of FLAIR reports or other detailed reports.

The Florida Department of Financial Services, online Reference Guide for State Expenditures can be found at this web address: http://www.fldfs.com/aadir/reference_guide.htm

Listed below are types and examples of supporting documentation:

i. Personnel Services.

- a. **Salaries:** Timesheets that support the hours worked on the Project or activity must be kept. A payroll register, or similar documentation should be maintained. The payroll register should show gross salary charges, fringe benefits, other deductions, and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay can be submitted. If this document does not reflect the information needed, the Subrecipient shall submit additional pay documentation in a timely manner when requested.

- b. **Fringe Benefits:** Fringe benefits should be supported by invoices showing the amount paid on behalf of the employee, e.g., insurance premiums paid. If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown. Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- ii. **Contractual Services.** Should be supported by a copy of the approved subcontract agreement, invoice showing payment request and dates of service from the vendor, and proof of payment by the Subrecipient.
- iii. **Expenses.** Should be supported by a copy of any required pre-approvals, invoice showing payment request from the vendor, and proof of payment by the Subrecipient.
- iv. **Travel.** Reimbursement for travel must be in accordance with s. 112.061, F.S. and the most recent version of the FDOT Disbursement Handbook, which includes submission of the travel costs on an approved state travel form along with supporting receipts and invoices.
- v. **Equipment Costing \$10,000 or More.** Should be supported by a copy of any required pre-approvals, invoice showing payment request from the vendor, and proof of payment by the Subrecipient.
- vi. **Indirect Cost.** If the subgrant stipulates that indirect costs will be paid based on a specified rate, then the calculation should be shown. Indirect costs must be in the approved agreement budget and the entity must be able to demonstrate that the costs are not duplicated elsewhere as direct costs. All indirect cost rates must be evaluated for reasonableness and for allowability and must be allocated consistently.

All documentation should be readable and include the necessary calculations to support the amounts being requested. Illegible documents or documents for the wrong time-period or calculation amounts will require resubmittal by the Subrecipient. If documents provided do not equal the totals requested, additional documentation may be requested, or amounts reimbursed will be reduced to totals supported by documentation.

Subgrant agreements between state agencies, and/or subgrant agreements between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports and do not have to include check numbers.

- (d) **Non-Aligned Purchases Pre-Approval Requirement:** Pre-approval is required if there are any purchases that cross subgrant years (October 1st – September 30th). A letter requesting pre-approval for purchases crossing into the next subgrant year must be submitted to the FDOT State Safety Office in draft form for review and approval. Only after the written approval from the FDOT State Safety Office is received, can a purchase be made.
- (e) **Frequency and Deadlines for Submission.**
 - i. **Partial Claims.** Subrecipients should submit all costs for reimbursement monthly unless no costs were incurred within a month. Reimbursement for personnel costs may be submitted after each pay period, if desired. Failure to submit reimbursement requests in a timely manner may result in this Agreement being terminated.
 - ii. **Final Claim.** A final financial request for reimbursement shall be submitted and/or postmarked no later than October 31 following the end of this Agreement period. Such a request should be distinctly identified as **Final**.
The Subrecipient agrees to forfeit reimbursement of any amount incurred or expended if the final request is not submitted and/or postmarked by October 31 following the end of this Agreement period.
- (f) **Travel Reimbursement.** Bills for travel expenses specifically authorized in this Agreement shall be submitted on the FDOT Contractor Travel Form (300-000-06) and will be paid in accordance with Section 112.061, F.S. and the most current version of the FDOT Disbursement Handbook for Employees and Managers.
- (g) **Equipment Reimbursement.** All requests for reimbursement of equipment having a unit cost of \$10,000 or more and a useful life of one year or more shall be accompanied by an Equipment Accountability Form (FDOT Form No. 500-065-09). Reimbursement of these equipment costs shall not be made before receipt of this form.

- (h) **Media Purchase Reimbursement.** Proof of performance (e.g., copies and/or images of posters, air schedules, etc.) of all paid media purchased with subgrant funds shall be attached to reimbursement requests.
- (i) **Artificial Intelligence (AI) Reimbursement.** Artificial Intelligence (AI) software such as ChatGPT, Google AI, etc. are not an allowable expense under the subgrant. Any purchases of this software and associated fees will not be reimbursed under this subgrant.
- (j) **Signature Requirements.** All requests for reimbursement shall be signed by an Authorized Representative of the Subrecipient.
- (k) **Reimbursement Timeline.** Subrecipients providing goods and services to the Department should be aware of the following time frames. The FDOT State Safety Office has a 30-day review process to approve goods and services that starts on the date of receipt of financial reimbursement request. After that review and approval, the Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved. Financial reimbursement requests may be returned if not completed properly. If a payment is not available within 40 days from the FDOT State Safety Office approval, a separate interest penalty at a rate as established pursuant to Section 55.03(1), F.S., will be due and payable, in addition to the financial reimbursement request amount, to the Subrecipient. Interest penalties of less than one (1) dollar will not be enforced unless the Subrecipient requests payment. Financial reimbursement requests that have to be returned to a Subrecipient because of Subrecipient preparation errors will result in a delay in the payment. The financial reimbursement request payment requirements do not start until a properly completed financial reimbursement request is provided to the Department.
- (l) **Financial Consequences.** Payment shall be made only after receipt and approval of deliverables and costs incurred. If the Department determines that the performance of the Subrecipient is unsatisfactory, the Department shall notify the Subrecipient of the deficiency to be corrected, which correction shall be made within a timeframe to be specified by the Department. The Subrecipient shall, within five days after notice from the Department, provide the Department with a corrective action plan describing how the Subrecipient will address all issues of Agreement non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or Agreement noncompliance. If the corrective action plan is unacceptable to the Department, the Subrecipient will not be reimbursed to the extent of the non-performance. The Subrecipient will not be reimbursed until the Subrecipient resolves the deficiency. If the deficiency is subsequently resolved, the Subrecipient may bill the Department for the unpaid reimbursement request(s) during the next billing period. If the Subrecipient is unable to resolve the deficiency, the funds shall be forfeited at the end of this Agreement term.
- (m) **Vendor Ombudsman.** A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Subrecipients who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.
- (n) **Projects with Non-profit Entities.** Pursuant to Section 216.1366, F. S., the Subrecipient shall provide documentation to indicate the amount of state funds:
 - i. Allocated to be used during the full term of this Agreement for remuneration to any member of the board of directors or an officer of the Subrecipient.
 - ii. Allocated under each payment by the Department to be used for remuneration of any member of the board of directors or an officer of the Subrecipient. The documentation must indicate the amounts and recipients of the remuneration.

Such information will be posted by the Department to the Florida Accountability Contract Tracking System maintained pursuant to Section 215.985, F.S. and must additionally be posted to the Subrecipient's website, if the Subrecipient is a non-profit organization and maintains a website. The Subrecipient shall utilize FDOT Form No. 350-090-19, Compensation to Non-Profits Using State Funds, for purposes of documenting the compensation. The subject form is required for every contract for services executed, amended, or extended on or after July 2023, with non-profit organizations.

Pursuant to Section 216.1366, F.S., the term:

- iii. "Officer" means a chief executive officer, chief financial officer, chief operating officer, or any other position performing an equivalent function.

- iv. "Remuneration" means all compensation earned by or awarded to personnel, whether paid or accrued, regardless of contingency, including bonuses, accrued paid time off, severance payments, incentive payments, contributions to a retirement plan, or in-kind payments, reimbursements, or allowances for moving expenses, vehicles and other transportation, telephone services, medical services, housing, and meals.
- v. "State funds" means funds paid from the General Revenue Fund or any state trust fund, funds allocated by the Federal Government and distributed by the state, or funds appropriated by the state for distribution through any grant program. The term does not include funds used for the state Medicaid program.

- 71. Tracking and Retention of Financial Records.** The Subrecipient shall maintain an accounting system or separate accounts to ensure funds and Projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the Subrecipients general accounting records and the Project records, together with supporting documents and records, of the contractor and all subcontractors performing work on the Project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.
- 72. Program Income.** Program income means gross income earned by Subrecipient that is directly generated by a supported activity or earned as a result of the Agreement award during the Agreement period of performance. Program income must be deducted from total allowable costs to determine the net allowable costs. Program income must be used for current costs and any remaining program income must be offset against the final request for reimbursement. Program income that the Subrecipient did not anticipate at the time of the Agreement award must be used to reduce the Federal award and Subrecipient contributions rather than to increase the funds committed to the Project.
- 73. Registration for Attendance.** No activities funded under this Agreement shall charge a registration fee for attendance.
- 74. Responsibility of Subrecipient.** The Subrecipient shall establish fiscal control and fund accounting procedures that assure proper disbursement and accounting of subgrant funds and required non-federal expenditures. All monies spent on this Project shall be disbursed in accordance with the provisions of the Project Detail Budget as approved by the FDOT State Safety Office. All expenditures and cost accounting of funds shall conform to 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, herein incorporated by reference, (hereinafter referred to as Applicable Federal Law).

REQUIREMENTS

- 75. Child Safety Seats.** Any agency that receives child safety seats must have at least one staff member who is a current Certified Child Passenger Safety Technician.
- 76. Enforcement.**
- (a) **Automated Traffic Enforcement.** No subgrant funds will be awarded or expended to carry out a program to purchase, operate, or maintain an automated traffic enforcement system. (23 U.S.C. 402(c)(4)). The term "automated traffic enforcement system" includes any camera that captures an image of a vehicle for the purposes only of red light and speed enforcement and does not include handheld radar and other devices operated by law enforcement officers to make an on-the-scene traffic stop, issue a citation, or other enforcement action at the time of violation. Subgrant funding will not be utilized or reimbursed for continuing priorly initiated investigations, court or Administrative Hearings, and enforcement from aircraft.
 - (b) **Aircraft Enforcement.** Subgrant funding will not be utilized or reimbursed for enforcement from aircraft (airplane, helicopter, drone, etc.) without prior written approval from the FDOT State Safety Office.
 - (c) **Investigations and Court.** Subgrant funding will not be utilized or reimbursed for continuing priorly initiated investigations, court, or administrative hearings.
 - (d) **Data Driven.** Selection of enforcement activity locations should be based on current data that identifies high-risk areas with the greatest number of crashes, serious injuries, fatalities, and/or traffic violations (citations). Data should be reviewed periodically to ensure that the most current high-risk areas are continually addressed throughout this Agreement period.
 - (e) **High Visibility Enforcement.** All law enforcement agencies shall conduct High Visibility Enforcement while conducting enforcement under this Agreement.
High Visibility Enforcement is defined as:

Intense: Enforcement activities are over and above what normally takes place.

Frequent: Enforcement occurs often enough to create general deterrence.

Visible: A majority of the public sees or hears about the enforcement.

Strategic: Enforcement targets high-risk locations during high-risk times.

- (f) **Hours Limit.** Each officer is limited to a maximum of eight (8) hours of reimbursable overtime in any single day (defined as 12:00 a.m. to 11:59 p.m.), unless there are extenuating circumstances at the end of a shift that causes the hours to exceed this limit. 77. Public Service Announcements, Marketing, and Advertisements.

- (a) **Closed Caption Requirement.** All public service announcements produced with Federal highway safety funds shall be closed captioned for the hearing impaired.
- (b) **Media Plan.** All paid media reimbursed with subgrant funds shall contain a traffic safety message. In order to maximize the effectiveness of the paid media, when marketing or advertising is included in subgrant activities, it shall be done only in conjunction with proven, effective countermeasures, and when the message of the media is designed to call attention to those countermeasures. Before incurring costs related to the paid media, a final draft of the media and media plan shall be submitted to the FDOT State Safety Office for review.

Media plans should include the following:

- i. What program/policy the paid media is supporting;
 - ii. How the paid media will be implemented to support an operational enforcement program whether it be a periodic crackdown/mobilization or an on-going saturation or roving patrol;
 - iii. The amount allocated for paid media;
 - iv. Anticipated creative costs associated with the paid media; and
 - v. The measures that will be used to assess message recognition and penetration of the target audience.
- (c) **Tagging.** All subgrant funded public service announcements, marketing, and advertisements shall be tagged "Funding provided by the Florida Department of Transportation, or Funded by FDOT", or FDOT logo, "Brought to you by" or "Provided by ..." may also be used for this requirement. Television commercials must include a statement as set forth above. The name of the Subrecipient and its logo can appear on the paid media, if approved by the FDOT State Safety Office, but the names of individuals connected with the Subrecipient shall not appear when paid for with Federal highway safety funds, unless otherwise approved by the FDOT State Safety Office.
 - (d) **Prohibition of Gifts.** Contractual agreements for marketing and advertising which include communications, public information, and paid media expenditures shall not include gifts as defined by Section 112.312, F.S., which includes items such as tickets, seats, food, travel, apparel, memorabilia, etc., to any representative of this Agreement or any of their traffic safety partners unless the item or service is regularly made available to the general public at no cost.

78. Public Information and Education Items.

Public Information and Education Items are defined as materials whose purpose is to convey substantive information about highway safety. Paper, pamphlets, flash drives, CD-ROMs, and similar media that contain educational materials are all allowable because their purpose is to contain and convey educational information. In order to be considered educational, distributed material must provide substantial informational and educational content to the public (not merely a slogan) and have the sole purpose of conveying that information. If a Subrecipient chooses to provide educational content on a flash drive, CD-ROM, or similar device, that device must be an economical method of conveying the information.

Before printing or ordering any public information and education items, a final draft or drawing of the items shall be submitted to the FDOT State Safety Office for review and written approval.

Requests should include the following:

- (a) What public information or educational item is being requested;
- (b) What program/policy is the item supporting;
- (c) Who the target audience is;

- (d) How the item will be distributed;
- (e) Estimated unit cost(s) for the item; and
- (f) Current inventory levels (if any) of the item.

The FDOT State Safety Office shall provide written approval for reimbursement if the items are appropriate for purchase under this Agreement. Copies and/or images of all public information and education items purchased with highway safety funds shall be attached to the forms requesting reimbursement for the items.

Printed materials (tip cards, brochures, safety pledges, surveys, activity books, booklets, guides, etc.) can be freely distributed, however tangible items (helmets, DVDs, CD-ROMs, flash or thumb drives, reflective tape, etc.) require the person receiving the item to interact with the Subrecipient in some manner related to the goal of the Project in order to receive the item. Interaction includes attending a presentation, having a discussion with a program representative, signing a pledge sheet, filling out a survey form, answering a traffic safety question, etc. The results of this interaction must be reported in the performance report.

Where feasible, either the Florida Department of Transportation logo or the words "Funding provided by the Florida Department of Transportation or Funded by FDOT" shall appear on or in all items. "Brought to you by" or "Provided by" may also be used for this requirement. The name of the Subrecipient and its logo can appear on any of the public information and education items. The names of individuals connected with the Subrecipient shall not appear on any printed materials, and advertisements paid for with highway safety funds.

Per 2 CFR 200 and NHTSA Memo "Use of NHTSA Highway Safety Grant Funds for Certain Purchases" (dated May 18, 2016), use of NHTSA grant funds to purchase promotional items or memorabilia (backpacks, cups, flashlights, key chains, magnets, shirts, stickers, sunglasses, umbrellas, etc.) is prohibited and therefore unallowable under this Agreement.

79. Publication and Printing of Observational Surveys and Other Reports.

- (a) **Review and Publication.** During this Agreement period, but before publication or printing, the final draft of any report or reports required under this Agreement or pertaining to this Agreement shall be submitted to the FDOT State Safety Office for review and concurrence. After Agreement period has concluded, Subrecipients may publish after providing the FDOT State Safety Office with at least a 15-day prior written notice.
- (b) **Discussion.** Both written and oral releases are considered to be within the context of publication. However, there is no intention to limit discussion of the study with small technical groups or lectures to employees or students. Lectures that describe plans but discuss neither data nor results may be given to other groups without prior written approval.
- (c) **Required Language.** Each publication or other printed report covered by Paragraph 79(a) above shall include the following statement on the cover page:
 - i. This report was prepared for the FDOT State Safety Office, Department of Transportation, State of Florida, in cooperation with the National Highway Traffic Safety Administration, U.S. Department of Transportation and/or Federal Highway Administration, U.S. Department of Transportation.
 - ii. The conclusions and opinions expressed in these reports are those of the Subrecipient and do not necessarily represent those of the FDOT State Safety Office, Department of Transportation, State of Florida, and/or the National Highway Traffic Safety Administration, U.S. Department of Transportation and/or Federal Highway Administration, or any other agency of the State or Federal Government.

80. Safety Belt Policy. Each Subrecipient shall have a written safety belt policy, which is enforced for all employees. A copy of the policy shall be maintained by the Subrecipient and made available for review if requested.
