**Notes:**

- Our pipe cleaning and dewatering are figured based on our site visit (which was determined at 1" or less of dirt / debris and 3-4" of water). If these conditions change, Vortex reserves the right to adjust our unit price accordingly.
- Proposal includes standard signs and cones. Any additional maintenance of traffic (MOT) needed will be provided by Others.
- Owner will provide a portable hydrant meter and access to onsite water for our use free of charge.
- Owner will provide a local area and pay disposal fees to dispose the debris that is pulled from the cleaning process after it is decanted. Disposal site must be less than 10 miles away from job site.
- Owner will provide access to each and every manhole and or structure. This may include but not limited homeowner coordination for rear easement access, locating, exposing, and raising buried MH's prior to our crew mobilizing.
- If necessary, Owner will provide Permits & Fees. Vortex will provide our standard insurance coverage. OCP or railroad insurance & or longshoreman insurance is not included.
- Water used to clean pipe segment or box culvert to be decanted in the pipe segment or adjacent pipe/outfall area. Any turbidity control will be provided by Others.
- Mechanical Cleaning / Tuberculation removal not included in bid proposal.
- If bond is needed please add 1.5%.
- Our Bid Proposal is valid for 30 days from the bid date.
- Site Restoration will be performed by Others.
- Cleaning will be completed at the hourly rate above. Billable hours will be based on actual hours worked (including port to port). 5 hour minimum will be billed per day.
- This is a unit priced contract and the actual billing will be based on installed quantities. If the installed quantities vary greater than 10% of the bid quantities, Vortex reserves the right to adjust our unit price accordingly.
- Mainline CIPP lining must be completed structure to structure.
- CIPP Samples can be provided at no additional cost. If 3rd party CIPP testing is required, it can be provided at \$450 per each test. There was no CIPP specification mentioning samples and testing for this bid.
- Once our CIPP liner is installed, we will provide a post cctv video to show the final CIPP product. One light jetter pass will be included before running the camera down the final CIPP liner. No additional or aggressive cleaning will be performed since it could damage our CIPP PE coating.
- Standard wages are included. Therefore, Prevailing wages and or Union Wage Rates are not included in this bid proposal. Client / GC must notify Vortex if the project is Certified payroll prior to contract execution or additional fees may apply.
- Our bid proposal as submitted reflects the current material pricing established on or before the bid date listed within our proposal. In the event of unforeseen price increases of our raw materials, Vortex reserves the right to adjust our unit rate or overall bid proposal accordingly to account for such price increases.
- Payment terms: Net 30 days. Interest will be added to balances outstanding after 30 days
- Vortex's bid proposal shall be incorporated into the subcontract agreements. Vortex will initiate this project upon an agreement or receipt of a subcontract or purchase order. Copies of payment and performance bonds must be provided to Vortex.
- Our CIPP liner will assume the shape of the host pipe. It is assumed that the pipes are in a condition that can be lined. Any repairs that may be required to the pipe prior to lining are not included in this proposal.
- If Required, For larger dia. (24" and up) to facilitate CIPP liner installation it may require increasing the size of MH or removing top. This cost is not included in our proposal. If needed Owner will provide this service.
