CITY COUNCIL

W1 PRESENTATION BY POLICE CHIEF MICHAEL HAWORTH ON THE VIABILITY OF A BODY WORN CAMERA PROGRAM

NOTE: Recently, Pinellas Park Police Officers have engaged in a pilot program to identify the value of body worn cameras within our community and through police operations to distinguish any obstacles, barriers, or concerns with implementing a police body worn camera program.

For City Council's consideration, Chief Haworth will provide a presentation that will include:

- Functionality of the Axon body worn camera system to include: activations, live view, and point of view
- Field deployment and deployment time frame
- Other local law enforcement agency deployments of body worn camera programs
- Data storage with Axon's Evidence.com: uploads, security, audit trail, public records requests, and redactions
- Officer and citizen feedback
- Staff impact
- Financial impact

Department: Police

PLEASE NOTE that if a person decides to appeal any decision made by City Council with respect to any matter considered at the above-cited meeting, the person will need a record of the proceedings and, for such purpose, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. The City maintains a digital recording of all public hearings. In the event that you wish to appeal a decision, the digital may or may not adequately insure a verbatim record of the proceedings; therefore, you may wish to provide a court reporter at your own expense. (Section 286.0105, Florida Statutes.)

FOR PERSONS WITH HEARING IMPAIRMENT — An interpreter for persons with hearing impairment will be made available upon requests made at least 72 hours in advance. Also, an Assistive Hearing Device (amplifier) is available from the City Clerk for use in Council Chambers and all meeting rooms throughout the City. This agenda document is available in the following accessible formats: Braille, Large Print, Digital, and Electronic File on Computer Disks.
