RE: City Document #19-195
Stormwater Culvert Rehabilitation Contract

Dear Mr. Arrison:

I have received and reviewed the above-referenced Stormwater Culvert Rehabilitation Contract, which is a renewal of a piggyback contract from Manatee County that was originally approved by City Council in 2017. After speaking with Debbie Cason, I understand that this is the third renewal of the Contract. The Contract was originally approved for a one-year contract period with up to four maximum additional one-year renewals.

In the Construction Contract, Renewal #3, the second to last sentence of Article IV should be updated to read as follows:

The parties further agree that this Contract is for a one (1) year contract period, with an additional one (1) year renewal option remaining, upon such terms and conditions as may be mutually acceptable to both parties.

Once the above change is incorporated into the Contract, I would otherwise approve of the Contract as to form and correctness.

Very truly yours,
