TO: Chief M. Haworth  
FROM: Detective J. Tippet #369  
RE: DARE Supplies for 2020-2021 School Year  
DATE: June 12, 2020

The Youth Services Section is requesting the purchase of the following items for the upcoming 2020-2021 school year. We teach D.A.R.E. to approx. 650 students during the course of the school year.

I have prepared two options for the purchase of supplies. One option is for the whole year and the second option is for the first semester. It is the plan of the Youth Services Section to teach DARE to five public elementary schools and one private school.

If we purchase items from Option B we will have to purchase additional supplies around November 2020 to meet the needs for the second semester.
